

Superb Fairy-Wren
Malurus cyaneus

On the Bluff
All year round

The sight of a stunning **Superb Fairy-wren** brings delight to all. The beautiful male "blue wren" is kept busy with a small harem of female "jenny wrens". The females are generally a brown colour with reddish tail feathers. The young males are like the females, but with a bluish tinge to the tail feathers and darker beak and eye surrounds.

Beak-to-tail: 13 – 14 cm
